

EventMessage::ToString

```
graph LR; A[EventMessage::ToString] --> B[EventMessage::EventTypeToString];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'EventMessage::ToString'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'EventMessage::EventTypeToString' on two lines.
